

- *Electronic structure and magnetic properties of $Fe_{16}N_2$ doped with Ti*, **D. Benea, O. Isnard and V. Pop**, “20th International Conference on Solid Compounds of Transition Elements”, Zaragoza (Spain), April 11th to 15th, 2016
- *Investigations of the ferrimagnetism and disorder in the half-metallic Heusler alloy $Mn_{2-x}Co_xVAl$* , **R. Gavrea, D. Benea, T. Radu, R. Erhan and V. Pop**, “16th International Balkan Workshop on Applied Physics and Materials Science” IBWAP 2016 (7-9, July, 2016), Constanta, Romania
- *Structural, magnetic and electronic properties of $Mn_{2-x}Co_xVAl$ ($x=0, 0.2, 0.6, 1$) Heusler Alloys*, **R. Gavrea, T. Radu, V. Pop, O. Isnard and D. Benea**, poster presentation at: International Summer School Physical and Chemical Principles in Materials Science 2016 July 11-17, 2016 in Paris – France
- *The influence of the Co doping on the electronic and magnetic properties of the half-metallic ferrimagnet Mn_2VAl* , **D. Benea, R. Gavrea, T. Radu, R. Erhan and V. Pop**, Joint European Magnetic Symposia (JEMS), Glasgow 22–26 Aug 2016
- *Investigations of the ferrimagnetism and disorder in the half-metallic Heusler alloy $Mn_{2-x}Co_xVAl$* , **R. Gavrea, T. Radu, V. Pop, O. Isnard, M. Coldea and D. Benea**, 11th International Conference On Physics Of Advanced Materials (ICPAM) 8-14 sept. 2016 Cluj-Napoca
